

PACKING TIPS

Packing is often a time consuming and stressful part of the moving process. Here are some helpful suggestions to make your packing experience go as smooth and cost efficient as possible.

- Pack your heavier items in smaller sized boxes (books, dishes, cd's)
- Pack your lighter items in the larger sized boxes (lamp shades, blankets, tupperware)
- Each box should be closed, labeled, and well taped both top and bottom.
- Fragile items should be wrapped with paper and placed in boxes. Keep these items packed taut to avoid items from shuffling around during the moving process. Towels and blankets could be used to help keep boxes snug. Mark **FRAGILE** clearly.
- Designate an area for all your packed boxes. This will help you stay organized and ease stress by not having boxes everywhere.
- To save time you can leave clothing items in well constructed pieces of furniture.
- Valuable belongings such as jewelry, money, and personal documents should be taken by owner if possible.
- Remove mirrors, pictures, speakers from walls and disassemble beds, computer desks, and electronics. This saves the crew lots of time therefore reduces the cost of the move.
- Roll up any area rugs and/or floor mats.
- Appliances should be unplugged and emptied prior to the scheduled moving date.
- If you desire multiple drop off locations we suggest marking boxes and furniture accordingly. This allows the crew to load the truck efficiently in the proper order.
- Awkward items that are hard to pack in boxes could be placed together and tied or taped (brooms, mops, blinds etc).
- Thick garbage bags can also be used for light miscellaneous items like pillows and blankets.

We have any moving supplies you may require. If you need supplies just let us know prior to your scheduled moving date and we'd be glad to drop them off at the desired location.

- Wardrobes (clothing can stay on hangers)
- Packing tape
- Picture boxes (large framed pictures and art)
- Mattress covers
- 2 cube boxes
- 4 cube boxes
- China boxes
- Paper

We understand that the packing process can be time-consuming, tiring, and stressful. If you require assistance with packing your belongings please feel free to utilize our full packing/relocation service.
